

# The World Day of the Critical Lung. IV Edition

An official event of the Pan American and Iberian Federation of Critical Medicine and Intensive Care Societies

Global organizing committee:  
P Cardinal-Fernández. Spain  
O. Baez-Pravia. Spain  
L. Blanch. Spain  
M. Jibaja. Ecuador  
G. Ortiz. Colombia  
F. Rubulotta. United Kingdom

Local committee (Spain):  
C. Pey  
J. Villanueva

## medinar ▶ The World Day of the Critical Lung • Program

Spain Time

<p>08:00 to 09:15</p>		<p><b>Session 1</b> 08:00-08:05. Bronchoobstructive diseases- Lussier S (Australia). Official representant of Australian and New Zealand Intensive Care (ANZIC) 08:05-08:20. The great ICU divide: asthma versus COPD. J. Lewis (Australia) 08:20-08:35. Intensive care implications of epidemic thunderstorm asthma- the Victorian experience. J. Darvall (Australia) 08:35-08:50. Airway pressure release ventilation in COVID-19 - J. Zorbas (Australia) 08:50-09:00. Questions&amp;Answers 09:00-09:15. Intersession break</p>
<p>09:15 to 10:30</p>		<p><b>Session 2</b> 09:15-09:20. Diversity and equality. P. Gruber (United Kingdom) 09:20-09:35. Women working in the Pandemic - V. Metaxa (United Kingdom) 09:35-09:50. Diversity in the intensive care unit - S. Myatra (India) 09:50-10:05. Equality and diversity in Medicine what is the challenge and how to face it! J. Berger (United States) 10:05-10:15. Questions&amp;Answers 10:15-10:30. Intersession break</p>
<p>10:30 to 11:45</p>		<p><b>Session 3</b> 10:30-10:35. Coronavirus in Russia: reality and innovation - T. Shapovalenko (Russia) and K. Zykov (Russia) 10:35-10:50. COVID-19 epidemiology in Russia and hope for Sputnik V and other vaccines - S. Kolesnikov (Russia) 10:50-11:05. Russian proposed algorithm for COVID-19 pharmacological treatment. K. Zykov (Russia) 11:05-11:20. The optimal ICU protocol for COVID-19 treatment. A. Oganesyanyan (Russia) 11:20-11:30. Questions&amp;Answers 11:30-11:45. Intersession break</p>
<p>11:45 to 13:00</p>		<p><b>Session 4</b> 11:45-11:50. Respiratory insufficiency by talented and young physicians- L. Blanch (Spain) 11:50-12:05. The basics of acute lung injury. M. Camprubi (Spain) 12:05-12:20. Epidemiology of ARDS and COVID-ARDS. C. de Haro (Spain) 12:20-12:35. Towards personalized medicine in patient-ventilator interaction? J. Esperanza (Spain) 12:35-12:45. Questions&amp;Answers 12:45-13:00. Intersession break</p>
<p>13:00 to 14:15</p>		<p><b>Session 5</b> 13:00-13:05. Coronavirus - From bench to bedside - J. Lorente (Spain) 13:05-13:20. COVID-19 pneumonia is not traditional ARDS! P. Pelosi (Italy) 13:20-13:35. Mechanical Ventilation and Lung Recruitment in COVID-19 vs non-COVID ARDS L. Brochard (Canada) 13:35-13:50. Inhaled anticoagulation for the treatment of COVID-19 patients - A. Artigas (Spain) 13:50-14:00. Questions&amp;Answers 14:00-14:15. Intersession break</p>
<p>14:15 to 14:30</p>		<p>Welcome to The World Day of the Critical Lung. N. Raimondi (Argentina) in representation of the Pan American and Iberic Federation of Intensive Care Societies, M. Jibaja (Ecuador) in representation of the WDCL, G. Ortiz (Colombia) in representation of INSIMED and J.E. Guerrero (Spain) in representation of HM Hospitales</p>
<p>14:30 to 14:45</p>		<p>Opening Lecture: Being paraplegic is no reason to not climb a Volcano. Sebastian "Zuko" Carrasco (Ecuador)</p>
<p>14:45 to 16:00</p>		<p><b>Session 6</b> 14:45-14:50. Acute Pulmonary Distress Syndrome - I. Frerichs (Germany) 14:50-15:05. Assynchronies in mechanical ventilation. L. Blanch (Spain) 15:05-15:20. Electric impedance tomography in ARDS: why it is important? F. Suárez-Sipmann (Spain) 15:20-15:35. Prone position after several days of mechanical ventilation. Is still an usefull intervention?. C. Guerin (France) 15:35-15:45. Questions&amp;Answers 15:45-16:00. Intersession break</p>
<p>16:00 to 17:15</p>		<p><b>Session 7</b> 16:00-16:05. New Protocols for Sedation in the Era of COVID-19. M. Martin-Delgado (Spain) 16:05-16:20. Sedation protocols in the era of drug shortages. A. Absalom (Netherlands) 16:20-16:35. Sedation techniques in the era of limited resources. F. Rubulotta, MD, PhD (United Kindgdom) 16:35-16:50. Weaning in COVID patients - D. Chiumello (United Kindgdom) 16:50-17:00. Questions&amp;Answers 17:00-17:15. Intersession break</p>
<p>17:15 to 18:30</p>		<p><b>Session 8</b> 17:15-17:20. Lung infections - M. Borjes (Spain). Official representant of Pan American and Iberian Federation of Critical Medicine and Intensive Therapy (FEPIMCT) 17:20-17:35. Inflammation and Pneumonia. <b>Pending</b> 17:35-17:50. Therapeutic Management of VAP: antibiotic controversies. Javier Pérez (USA) 17:50-18:05. Hospital acquired viral pneumonia not related to SARS-COV2. T. Lisboa (Brazil) 18:05-18:15. Questions&amp;Answers 18:15-18:30. Intersession break</p>
<p>18:30 to 19:30</p>		<p><b>Session 9</b> 18:30-18:35. Future of respiratory diseases -D. Brown (United States) and A. Dzierba (United States) in representation of Society of Critical Care Medicine (SCCM) 18:35-18:50. Phenotypic heterogeneity in ARDS and implications on treatment- M. O'Connor 18:50-19:05. Vaping-associated respiratory distress syndrome. A. Gallo De Moraes 19:05-19:20. When is the right time for spontaneous breathing trials? L. Brochard (Canada) 19:20-19:30. Questions &amp; Answers</p>
<p>19:30 to 19:40</p>		<p>Closing conference - J. Zimmerman. (United States). President of the World Federation of Societies of Intensive and Critical Care Medicine.</p>
